

UPLIFTING BLACK CULTURE AND COMMUNITY

National and Local Black News Sources

Social media platforms profit from outrage and anti-Black misinformation. Instead of relying on algorithms for news, directly support independent and community-based Black journalism that prioritizes accuracy and accountability. No one is more likely to tell our stories in our voice than Black news sources. Here are just a few Black local and national news sources for you to consider following and subscribing to.

Local Black News Sources By State (From Black Press of America):
